

Blackboard Instructor Guide (Original Course View)

Last Modified on 24/11/2022 3:13 pm HKT

Overview

- Blackboard is a full-featured learning management system (LMS). It provides an integrated set of tools to support course delivery, learning communities, content management, and assessment. Teachers can set up courses in Blackboard for students to access learning materials, submit assignments, take part in discussions, take quizzes, etc., online.
- In addition to core features in Blackboard, teachers can also use systems and tools integrated with Blackboard conveniently from their Blackboard courses to support their teaching and students' learning needs.
