Blackboard Orientation for Learners (ITSC-BL-BOL)

Last Modified on 02/09/2026 5:03 pm HKT

Build in the Ultra course experience, this Orientation Course equips participants with the essential skills and knowledge to achieve success as a student in the Blackboard Learn course environment. Students read the lessons and do the hands-on activities on their own within the course. Students are directed to Blackboard Help (https://help.anthology.com/blackboard/student/?lang=en) for more information on each tool presented in the lessons.

Upon completion of this course, participants will be able to:

- Navigate the features available outside of individual courses.
- Set up and customize your personal environment.
- Navigate within a course and switch between courses efficiently.
- Identify and use public, private, and collaborative communication tools in Blackboard.
- Find and interact with users both within and outside of courses.
- Access, submit, and review assignments, tests, and grades.
- Utilize tools that keep students informed of due dates and course events.
- Troubleshoot and resolve common problems in online learning.
