- https://cuhk.ap.panopto.com/Panopto/Pages/Viewer.aspx?id=a3018d5e-7f07-44e2-bbcf-b48600db6626

LinkedIn Learning will be launched at CUHK in August 2026 as a University-wide digital learning platform to support AI literacy, digital fluency, employability, workforce development, and lifelong learning. Faculties, departments, programmes, and units are invited to explore innovative uses of LinkedIn Learning in teaching and learning, co-curricular activities, staff development, and capability building across the University. For details of this initiative, please visit: Call for Proposals: Leveraging LinkedIn Learning at CUHK (https://www.cuhk.edu.hk/eLearning/c_news/announce/lili20260706.html)

To prepare your proposal for leveraging LinkedIn Learning at CUHK, you may browse and preview courses in the public course directory (https://www.linkedin.com/learning/courses)***. If you need further information, please send your justification and preliminary proposal ideas to edtech@cuhk.edu.hk. We will review requests and provide trial licenses where there is a clear need to support proposal development.***
